One other technique is to check out costs by creating a number of duplicate sales pages with completely different costs on each page. Be sure that your gross sales copy is exactly the similar on every web page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum value is.

Ultimately, should you've written a e book that solves a downside or presents a brand new technique, your guide will herald both visitors and profits.
