An effective approach for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion by way of price. Do this by making a sales page for the brand new guide, however don't embody a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by making a variety of duplicate gross sales pages with completely different costs on each page. Be sure that your gross sales copy is exactly the identical on each page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum price is.

In the end, in case you've written a e-book that solves a problem or presents a new technique, your e-book will bring in each site visitors and profits.
