However, in case your e book contains priceless ? and more importantly NEW information, references, or techniques ? then you should intention to cost it on the high end.

After you figure out your aim, you need to work out what your audience's want is in your ebook. For instance, does your e book solve a selected drawback? If it does, and solves it in a way that hasn't been written about in 100 other ebooks, you can be able to achieve excessive gross sales at a high

price. If your guide solves an issue or answers questions in a brand new and distinctive manner, it is best to price your e-book as excessive as you may go. You'll achieve larger income this way, but usher in fewer customers. If you wish to see large income over buyer draw, purpose for an audience that's searching for straightforward options to their problems at a low price. If your ebook is aimed toward fixing one specific drawback quite than normal advice, then you possibly can cost more. Start at the highest price the market will bear to usher in the largest profits, and plan to discount the book a variety of occasions throughout the year.

## Advertising Methods

The important thing that unlocks the gross sales potential of your book is to find a single sentence that turns into your selling handle. This sentence states what question or drawback your guide answers and the benefits your e-book can provide. Then be sure you use that sentence in each piece

of sales and promotional materials, and each time anyone asks you about your ebook.

An effective technique for determining a worth is to send out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new e book, but do not embody a price on that page. One other technique is to check out prices by making a number of duplicate gross sales pages with completely different prices on every page. Be certain your gross sales copy is precisely the identical on every web page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum price is.

Finally, in case you've written a ebook that solves a downside or presents a brand new method, your e book will bring in each traffic and profits.
