An efficient technique for figuring out a worth is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales web page for the new guide, but do not embrace a price on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with totally different prices on every page. Ensure that your gross sales copy is exactly the similar on every

page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum price is.

In the end, in case you've written a guide that solves a problem or presents a brand new technique, your e book will herald both traffic and profits.
