piece of sales and promotional material, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of other strategies that may help you promote more books.

One is to offer one thing away without cost along with your ebook, resembling a helpful bonus item. Or bundle several ebooks beneath one price, which lowers the value for every ebook if they have been sold separately.

An efficient approach for determining a worth is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new e book, but do not embrace a worth on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with different prices on every page. Ensure your sales copy is strictly the same on each web page, and consists of your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum price is.

Finally, for those who've written a book that solves a drawback or presents a brand new technique, your guide will herald each traffic and profits.
