After you figure out your aim, you should determine what your audience's need is in your ebook. For instance, does your guide clear up a specific downside? If it does, and solves it in a approach that hasn't been written about in 100 different ebooks, you'll be able to achieve excessive gross sales

at a high price. If your book solves a problem or answers questions in a brand new and distinctive way, you should value your ebook as excessive as you possibly can go. Start on the highest value the market will bear to bring in the largest profits, and plan to discount the e-book a number of occasions all through the year.

An efficient method for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion by way of price. Do this by making a sales web page for the new e-book, but don't embody a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on every page. Be certain your gross sales copy is precisely the similar on every web page, and consists of your selling-handle sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This may let you know what your optimum value is.

Finally, if you happen to've written a ebook that solves a drawback or presents a brand new approach, your e book will herald each visitors and profits.
