An efficient approach for figuring out a price is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion by way of price. Do that by making a sales page for the brand new ebook, but don't embrace a price on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with completely different prices on each page. Make sure your gross sales copy is precisely the identical

on every web page, and includes your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum price is.

Finally, in the event you've written a e book that solves a downside or presents a brand new method, your guide will usher in both traffic and profits.
