An effective technique for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion by way of price. Do that by making a sales web page for the brand new e-book, but don't embody a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Ensure that your gross sales copy is precisely the identical on each web page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum price is.
