Decide in case your goal is to get large distribution and most exposure. This goal is aimed at drawing prospects to your business or service, or to establishing the credibility of your reputation. The secret is to find a value that maximizes your profits and the variety of books you sell.

This is an excellent pricing strategy if you are trying to acquire lengthy-time period customers. Lengthy-time period customers are extremely seemingly to purchase from you again and once more ? as

long as the first ebook they purchase is of exceptional quality and useful to the customer.

However, if your ebook accommodates useful ? and extra importantly NEW info, references, or strategies ? then you should purpose to price it on the high end.

After you determine your aim, you will need to figure out what your viewers's want is in your ebook. For instance, does your guide resolve a specific drawback? If it does, and solves it in a approach that hasn't been written about in one hundred different ebooks, you can be capable of achieve high sales at a high price. If your guide solves an issue or solutions questions in a brand new and unique approach, you should price your e book as high as you can go. If you wish to see giant earnings over customer draw, goal for an audience that is searching for simple options to their problems at a low price. If your book is aimed at solving one specific problem reasonably than general recommendation, then you possibly can charge more. Start on the

highest worth the market will bear to usher in the largest earnings, and plan to discount the book a number of times throughout the year.

## Marketing Strategies

page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Be sure that your sales copy is strictly the same on each web page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This will inform you what your optimum worth is.
