An effective approach for determining a worth is to send out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do this by making a sales web page for the new guide, but don't include a price on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by making a variety of duplicate gross sales pages with different prices on every page. Be certain that your sales copy is precisely the same on each page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum value is.

In the end, in case you've written a book that solves a downside or presents a brand new method, your e-book will bring in each visitors and profits.
