and promotional materials, and every time anyone asks you about your ebook.

Besides selling your books assiduously online, there are several other methods that can show you how to sell more books.

One is to present something away totally free with your ebook, resembling a invaluable bonus item. Or bundle several ebooks beneath one value, which lowers the price for each e book in the event that they were bought separately.

An efficient technique for figuring out a price is to ship out a survey to your current customers. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with completely different prices on every page. Make sure that your sales copy is exactly the similar on every page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum price is.

Finally, should you've written a book that solves a drawback or presents a new approach, your ebook will herald both visitors and profits. So remember to write that selling-handle sentence that sums up what drawback your guide solves and what the benefits of your 1884 book might be to the shoppers who purchase it.
