An efficient method for determining a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the brand new ebook, but do not include a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out prices by creating a number of duplicate gross sales pages with different costs on every page. Make sure that your sales copy is precisely the identical on each web page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum worth is.

Ultimately, if you happen to've written a e book that solves a drawback or presents a brand new technique, your e book will bring in both visitors and profits.
