If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new guide, but don't include a price on that page. As an alternative, add various links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is strictly the identical on each page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum value is.

Ultimately, if you've written a e book that solves a problem or presents a brand new approach, your book will bring in both traffic and profits.
