Besides promoting your books assiduously online, there are several other methods that can make it easier to promote more books.

One is to present one thing away without cost together with your e book, resembling a useful bonus item. Or bundle several ebooks beneath one price, which lowers the value for each e book in the event that they have been bought separately.

An efficient approach for figuring out a worth is to send out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price.

Do this by making a gross sales web page for the new guide, however do not embrace a price on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with different prices on each page. Be certain your gross sales copy is exactly the same on every web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum value is.

Ultimately, if you've written a guide that solves a problem or presents a new approach, your e-book will herald both traffic and profits. So be sure you write that promoting-deal with sentence that sums up what drawback your e book solves and what the advantages of your 2358 ebook will probably be to the shoppers who buy it. And then watch your market come to you!
