In case your guide is aimed at solving one particular downside somewhat than general recommendation, then you can charge more. Begin on the highest price the market will bear to herald the largest earnings, and plan to low cost the book a variety of times all through the year.

One other strategy is to check out prices by making a variety of duplicate sales pages with completely different prices on every page. Be sure your sales copy is strictly the identical on every web page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum value is.
