This sentence states what question or downside your ebook answers and the benefits your e-book can provide. Then you should definitely use that sentence in each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of other strategies that may enable you to promote extra books.

One is to present something away without cost with your book, akin to a worthwhile bonus item. Or bundle a number of ebooks under one worth, which lowers the value for every ebook in the event that they were sold separately.

An effective method for figuring out a price is to ship out a survey to your present customers. If these prospects have already bought an ebook from you, ask for their opinion when it comes to price. Do this by making a sales web page for the new book, but do not include a value on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a variety of duplicate sales pages with totally different costs on every page. Be sure your sales copy is precisely the identical on every web page,

and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum worth is.

Ultimately, when you've written a guide that solves a problem or presents a new approach, your guide will bring in both visitors and profits. So make sure you write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 301 guide can be to the customers who buy it. And then watch your market come to you!
