One other technique is to check out costs by creating a number of duplicate sales pages with different costs on each page. Be certain that your sales copy is strictly the same on every web

page, and consists of your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum price is.

Finally, for those who've written a guide that solves a drawback or presents a new approach, your e book will bring in both visitors and profits.
