sales and promotional material, and every time anyone asks you about your ebook.

An efficient technique for figuring out a price is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the new ebook, but do not include a worth on that page. Make sure your sales copy is strictly the same on every web page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum value is.
