Do this by making a sales page for the new e-book, however do not embrace a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with completely different costs on every page. Make sure that your sales copy is strictly the identical on each

page, and consists of your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum price is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a new technique, your e book will bring in both traffic and profits. So be sure you write that selling-deal with sentence that sums up what drawback your book solves and what the advantages of your 586 book can be to the purchasers who purchase it.
