An effective approach for determining a value is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new book, however don't embody a worth on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with totally different prices on every page. Make certain your sales copy is precisely the similar on

every page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum value is.

In the end, for those who've written a ebook that solves a drawback or presents a new technique, your e book will usher in each traffic and profits.
