Another strategy is to check out prices by creating a number of duplicate sales pages with different prices on every page. Be sure your gross sales copy is precisely the identical on each page, and

contains your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum price is.

Ultimately, if you happen to've written a e-book that solves a drawback or presents a new method, your book will usher in each site visitors and profits.
