Then make sure you use that sentence in every piece of sales and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several other methods that may show you how to sell more books.

One is to provide one thing away free of charge along with your ebook, similar to a invaluable bonus item. Or bundle a number of ebooks under one worth, which lowers the price for every book in the event that they were offered separately.

An efficient approach for figuring out a worth is to ship out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new e-book, but do not embrace a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with different costs on each page. Ensure your sales copy is exactly the identical on every web page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum worth is.

Finally, if you happen to've written a book that solves a drawback or presents a brand new technique, your book will bring in both traffic and profits. So make sure to write that promoting-

handle sentence that sums up what drawback your book solves and what the advantages of your 797 guide will likely be to the shoppers who purchase it. And then watch your market come to you!
