One other technique is to test out prices by creating a number of duplicate gross sales pages with totally different prices on each page. Make sure that your gross sales copy is precisely the

identical on each page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum price is.

In the end, in case you've written a book that solves a downside or presents a brand new technique, your book will bring in each site visitors and profits.
