promotional materials, and every time anyone asks you about your ebook.

Moreover promoting your books assiduously on-line, there are several different strategies that can enable you to sell extra books.

An effective technique for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the brand new ebook, but do not include a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with different prices on each page. Ensure that your gross sales copy is exactly the same on every web page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum worth is.

In the end, in case you've written a guide that solves a drawback or presents a new method, your guide will usher in both visitors and profits.
